CORPORATE EXPERIENCE

The office environment, whether a corporate headquarters or tenant improvement space, is one of our primary markets. We are engineering the future to make buildings smarter and more energy efficient. Our services span all project phases from site selection and space planning through preliminary and detailed design, bid documentation, contract administration and post-construction support. We have completed more corporate headquarters and tenant fit-out projects than almost any other engineering firm in the Philadelphia area. With 17 LEED Accredited Professional on staff, we are committed to sustainable design.

PROJECT TYPES

Corporate Headquarters

Office Renovation/Fit-Out

Call Centers

Conference/Training Facilities

Data Centers

Fitness Centers

Dining Facilities

Corporate Campuses
